Try it out! Gain a valuable, foundational CERTIFICATE OF HYPNOSIS in only ONE weekend (plus the pre-home study) and experience the thrill of making a real difference.

Study affordably and in your spare time. You will be learning and growing in an unconditionally supportive environment with rewards on many levels. Take the first step: Explore the options...

This is the perfect course for you, if you:

- i) are curious about hypnosis and would like to learn how it works and how to use it for yourself, family, friends, etc.,
- ii) would like to explore hypnotherapy, either as an interest or as a possible future profession, but would like to 'try-it-on' before you 'jump-right-in',
- iii) desire the most cost and time effective way of learning hypnosis, or
- iv) are a therapist, doctor, dentist, counsellor, therapist, nurse, or naturopath, (etc.) looking to use hypnosis clinically as an extra modality.

All our courses minimise contact hours spent in lectures so that you save your time and money by studying the background material privately at a time that suits you best. This maximises the effectiveness of the time you do spend in class, which is then dedicated directly to the practice and development of your hypnosis skills.

And if you'd like to go further, the Certificate of Hypnosis, or a recognised equivalent, is a prerequisite for continuing with the Diploma of Hypnotherapy.
